Visioning Workshop

Thursday, **November 16th** 6:00pm at City Hall

Go to www.titusvilletomorrow.com for regular updates.

We're expecting up to 30,000 new residents in 20 years.

What is the Comprehensive Plan? The State of Florida requires each City to have a Comprehensive Plan. The plan touches on almost every facet of our quality of life, including delivery of public services, land use and mobility, the environment, schools, and many other issues that matter to citizens, visitors, and businesses. The Comprehensive Plan identifies strategies for the orderly and balanced growth of the area. The Plan also allows the City to implement state of the art growth management techniques to achieve the City's vision for the future.

The goals, objectives, and policies established in the plan help direct decision-making processes throughout the City to implement the plan.

See the City's Comprehensive Plan.: <http://www.titusville.com/Page.asp?NavID=494>

This is *your* vision, and we need *your* BIG ideas!

Why Join Us?

Over the next six months, City staff and the designers and planners of Canin Associates will be working with Titusville citizens and stakeholders to build a Vision to guide future development in the

City. How we build our City affects whether businesses are successful, our safety on roadways and sidewalks, and the look and feel of places where we spend our time. From downtown to the waterfront to your neighborhood, this Vision will help to shape future development. Make sure your voice is heard!

The Vision developed this fall will inform the 2018 update of the Comprehensive Plan which guides Titusville's future development patterns.

Find out how to participate.
