January 16, 2018

You spoke. We listened.

The workshop held on November 16th was the 3rd and final visioning exercise and we could not have asked for more.

The Canin Associates team shared the results of the Community Values Survey conducted during the first Stakeholder Workshop as well as some major takeaways from the results. The highest ranked images from the survey were then used to generate ideas for three key areas of the city: **Downtown, the Waterfront, and our Commercial Gateways**. Participants engaged in an interactive discussion to create scenarios for the future of each key area, including downtown redevelopment opportunities, enhancements along the waterfront, and urban design strategies along our commercial gateways. [View the results of the visioning workshops here.](#)

Next Steps

A draft vision document will be presented to the City Council on **Tuesday, Jan 23rd at 5:30pm.**
