

The Infamous B & H "Rustoff" Reunion!

5 PM -- June 28th, 2014 at the
Merritt Island Moose Lodge

Do you remember those good old days at KSC?

The days of spending late afternoons after work at the B & H Store on North Merritt Island with Fred and Phyllis Jewett drinking beer with friends, telling stories and lies, and making major decisions affecting the future of America's Space Program??

And do you also remember the infamous 1986 "Rust Off" when Gene Nurnberg and Bob Lang risked their futures on which of their nasty old trucks was the rustiest? It was the party of the year!

Re-live the glory days of KSC and those thrilling days of yesteryear at the Merritt Island Moose Lodge on Saturday June 28th at 5 PM

Drinks and food (a full bar plus hot dogs and hamburgers) available

If you plan to be there, please confirm by e-mail with either Bob Lang blherd@att.net, Bill Heink billheink@mindspring.com, or John Presnell presnejg@gmail.com so we can be sure we have enough food.

We plan to show the "Rust Off" video!

Please share this flyer with your other "old" friends. **This reunion is not just for former B&H patrons and anyone who worked on the Shuttle program is encouraged to attend!**
