

Space Coast Recovery Efforts

Dear Space Coast Community,

As we begin the rebuilding process after Hurricane Irma, and after speaking with members of the business community, our team is reminded of the resilience and strength of the Space Coast.

In a continued effort to inform State leaders of the scale of damage caused to Brevard Businesses, and in order to assist in drawing federal resources and implement state programs, we ask you to fill out the survey available at: www.flvbeoc.org.

If you or someone you know is in need of assistance, or if you have interest in volunteering, links and contact information for various agencies and programs are listed below.

The EDC is here to assist with your recovery needs, and will continue our outreach efforts. For questions, call 321-638-2000 or email Info@SpaceCoastEDC.org.

Best regards,
Lynda Weatherman
President & CEO
