

The North Brevard Business & Community Directory

www.NBBD.com

A Directory is all about providing inquiries with the most helpful information:

WHERE ARE YOU?

WHEN ARE YOU OPEN?

DO YOU HAVE WHAT I NEED?

That's what we do for local businesses, attractions & events 2,000± times a day.

This is an invitation to join us.

Businesses that use the NBBD to promote themselves range from some of our largest employers to unique local enterprises.

Your NBBD webcard, with one graphic, your complete contact information (with links), a Facebook "like box." and a 75 word description for **only \$100.00 for a full year**. It's like a modest sized one week ad in a newspaper, but findable 24/7/365. Get started at www.nbbd.com/webcard.pdf

A NBBD webpage, with up to 6 graphics (logo, photos, etc.) and 600 words gives viewers a great description of **all** that you have to offer. It will usually cost under \$240.00 a year. We also do multi page NBBD websites and register, create and maintain independent domains for businesses, non-profits and individuals. www.PeakPerformanceCo.com/websites/

"The **SEOprouler** algorithm assigns a Link Influence Score of 89% to the website. That means that links from nbbd.com have an extremely high influence on the search engine positions of the linked sites."

We want **RELOCATORS**, families and businesses, to get the best, most complete impression of our N.B. communities. *And, that would include you!*

David N. Rich
Peak Performance Co.
4030 Winter Terrace

In spite of what too many local *nattering nabobs of negativism* say, we have a remarkable number of wonderful assets to enjoy. Below are just a few of them that the NBBD promotes - successfully - locally and around the world.

David is a extremely reliable, super easy to work with, and really cares about his customers. He always made the process very easy and doesn't let limitations get in the way of accomplishing whatever it is you need.
